Office furniture enhancements

Enhance your office furniture with our range of high quality accessories which will add the finishing touches to any office environment. With smart solutions designed to customise your work place to your needs and for powering and getting data to your workstations whilst leaving them free from trailing cables, we have everything you need to promote a more organised work space.

Today the world is fast-paced and ever-changing, and the modern office is now a home to some of the most advanced technology you'll see anywhere. Offices are smarter, more flexible and, ultimately, more user-friendly than ever before and accessories help to clear clutter, manage multiple projects, organise information, tame technology, and make better use of every bit of the work place.

Monitor Arms

Monitor arms provide the ideal solution for additional desktop space while creating the perfect position for each individual user, with CPU holders built in for a tidier work space

Power Units

A selection of desktop, in-desk, or pop open power and data modules can be built into desktops, tables or the arms of furniture that allows quick set-up and connections

Cable Management

Cable management systems prevent cluttered cables and trip hazards on the floor and are a useful addition to any workspace leaving your workstation or desk uncluttered

Coat Stands

Coat stands are handy for storing personal items instead of bundling coats into a cupboard or hanging them on the back of chairs, with room to store umbrellas if the weather turns bad
